

5 September 2016

Subject: Directive 2012/19/EU of the European Parliament and of the Council of 4 July 2012 on waste electrical and electronic equipment (WEEE) (the **WEEE Directive**)

**To whom it may concern**

Eaton Power Quality is fully committed to complying with all applicable laws and regulations regarding products and services.

For many years, Eaton Power Quality has observed a policy to reduce environmental impacts related to products and processes. We are permanently implementing technical and legal changes to comply with new requirements.

Eaton UPS products and accessories supplied by Eaton Power Quality fall under the scope of the WEEE Directive. Eaton Power Quality commits that these products are compliant with the WEEE Directive requirements. Furthermore, we also take into account local implementation of the Directive in each EU country.

Pursuant to Eaton Power Quality's commitment to comply with all appropriate regulations and customer requests, Eaton Power Quality is closely monitoring changes to the WEEE Directive. We are taking all appropriate actions to prevent any changes to the WEEE Directive from having a negative impact on availability or quality of our products.

Apart from our commitment to comply with the WEEE Directive, Eaton Power Quality is also committed to assist your company in its compliance efforts, and to strengthen our continuing business relationship with you.

Sincerely,

Otto Asunmaa  
Head of R&D  
Eaton Power Quality Oy
