

Eaton to Demonstrate Power Management Solutions at HPE Discover 2017

June 5, 2017 ... Eaton today announced its participation in [HPE Discover](#), the global conference hosted by Hewlett Packard Enterprise (HPE), taking place June 5-8 in Las Vegas. A bronze sponsor of the event, Eaton (booth 269) will showcase its full line of power management solutions that help information technology (IT) professionals organize, protect and manage their HPE infrastructure.

As an [HPE Silver Technology partner](#) and [Composable Infrastructure partner](#), Eaton provides robust power protection that integrates easily with HPE products to deliver business continuity across hybrid cloud infrastructures. This includes providing intelligent, integrated and scalable solutions designed to organize, protect and manage HPE integrated systems, servers, storage, network and software solutions. Eaton's power management solutions include its Intelligent Power Manager™ software, which integrates with HPE OneView and leading hypervisors, including VMware, Microsoft and OpenStack, to give IT professionals the ability to manage and mitigate power-related issues and maintain business continuity in HPE environments.

In booth 269 at HPE Discover, attendees can demonstrate Eaton's IPM software as well as its full lineup of power management solutions, including:

- **ePDU G3 Rack Mounted Power Distribution Units (PDUs):** Providing best-in-class power distribution to IT equipment with in a rack, Eaton's ePDU G3 PDUs help simplify installation, enhance operation and improve control over HPE environments.
- **RS Enclosure:** With a flexible design and customizable mounting options for a broad array of devices, the RS Enclosure features tool-less mounting options, cable management solutions and enhanced physical security.
- **5P Tower Uninterruptible Power Supply (UPS):** Eaton's 5P UPS delivers reliable backup power with an efficiency rating of up to 99 percent, a graphical LCD display and more available power than comparable UPSs.

The 2017 HPE Discover Conference in Las Vegas brings together thousands of technology professionals from around the world for three days of inspiration, learning and networking. To register and learn more about HPE Discover, visit HPE.com/events/discover.
